Group Discussion Questions:

1. Think about an area of sin you commonly struggle with. How is that sin related to pride? Do you agree that pride is the root of all sin? Why or why not?

2. How do you respond to your own failures and sin? Do you quickly accept fault and confess your sin to God and others, or do you tend to "live" in the guilt and shame for a while? Or do you rationalize your sin and shift blame to others?
