

## CHAPTER 4: LAW

**Big idea:** God's LAW given to Abraham's descendants to show them the way to a blessed life  
**Key passages:** Exodus 24; Deuteronomy 28,30

The one deficiency of the Abrahamic Covenant: it did not give Israel a \_\_\_\_\_ the blessings in their lifetime

The LAW = the \_\_\_\_\_ Israel had to follow to enjoy \_\_\_\_\_ in their lifetime

3 Types of Laws:

C\_\_\_\_\_ Laws

C\_\_\_\_\_ Laws

M\_\_\_\_\_ Laws

Is the Law still in effect for us?

Problem with the Law: told them what to do but didn't give them the \_\_\_\_\_ to do it.

### Group Discussion Question:

1. While we (church-age believers) are no longer under the Mosaic Law, we are still responsible to obey God's rules as revealed by Jesus and His Apostles. To our culture, these rules seem like a harsh burden and a killjoy. How would you respond to that assessment? How are God's rules actually a blessing to our lives? How could they bless our culture?
2. Name specific examples where obedience to a command of God in the Old or New Testament clearly leads to a better quality of life this side of heaven.
